Energy efficient parking garage and canopy lighting fixtures are great for any outdoor or damp/wet indoor area, ceiling, or wall-mounted. Excellent for lighting residential exteriors, entry ways, stairways, walkways, perimeters, parking garages, storage areas, warehouses, or indoor wet/damp rated locations. LED Canopy fixtures are perfect when needing new energy efficient fixtures or to replace current HPS or HID fixtures in order to save energy. The LED and 50,000 hour lamp life induction lighting technology allows instant on/off capabilities and starts below zero degree Fahrenheit temperatures. Save over 50% energy when retrofitting current old HPS or HID fixtures with these new LED canopy fixtures.
