

LED REPLACEMENT CHART

Incandescent,
Halogen & Compact
Fluorescent Lights

Old Technology	Less Durable
Contains Mercury & Lead	Higher Replacement Costs
Higher Wattage Consumption	Fragile to Shock & Cold
Produces more Heat	Will be banned soon...

LED
Light-Emitting Diode

Less Wattage Consumption
than Incandescent, Halogen,
Compact Fluorescent Lights &
High Intensity Discharge (HID)
Lamps

Green Technology
No Mercury & Lead
Up to 90% Energy Saving
Produces Less Heat

Over 50,000 Hours of Life
Immune to Vibration & Cold
Wide Variety and Uses
Quick ROI
